

DESCRIPTION

Winner of the 2019 BigSee Wood Award, the Mela chair boasts a distinct character and classic style, drawing inspiration from mid-century design. Versatile in purpose, it serves as an exquisite choice for occasional or dining seating, making it equally suitable for residential and contract settings. The Mela chair presents a choice of seven distinct wood types, enriched by an array of natural finishes. Personalise the Mela chair with upholstery options, including a curated selection of leathers or fabrics.

PRODUCTION PROCESS

The chair parts are made of solid wood pieces of the same length but different widths, with precisely crafted joints on CNC machines. Each piece is chosen through careful matching of wood colors and structures. The upholstered seats are covered with HR foam and upholstery for superior comfort. Certain chair collections are produced using a special wood bending technology. The technical parameters of hand-assembled chairs comply with standard requirements. Final sanding is done manually with fine-grained sandpaper, and various types of finishes enable a wide selection of the chair’s final appearance.
